

## Vision Statement 2016-19

As Governors we want the school to provide a safe and caring learning environment and to be ambitious for the children and the staff. In addition, as a Catholic school, our community will be a living witness to Gospel values as we continue to learn a love for, a respect for, a welcome for and a tolerance of all others in our wider community.

Our vision for the next three years is:

- **The Catholic life of the school will continue to develop so that all children will have the opportunity to grow and strengthen their faith to face the challenges of modern society; and that all children will have a good understanding of the Catholic faith and its rituals and traditions.**
- **All children will have the opportunity to engage with and contribute to the life of the Catholic community and to the life of the local and global community.**
- **All children will make progress at least in line with national expectations with a significant number making better than expected progress.**
- **Children will have increased opportunities to participate in art, music, dance, drama and sport.**
- **All children will be encouraged to have enquiring minds; they will have the opportunity to fulfil their potential and experience success during their time at Sacred Heart.**
- **Children will have an increased opportunity to use IT in their learning.**
- **All children will be ready to move on to secondary education at the end of Year 6.**
- **There will be a stable learning environment with well-motivated staff who feel valued and have opportunities for professional improvement.**
- **The school will offer a curriculum which further develops behaviour for learning which results in children being more aspirational and resilient, articulate and confident and drivers of their own learning.**
- **All teaching will be securely good with a high proportion of it being outstanding.**
- **All parents /carers will feel increasingly engaged with and involved in the education of their children.**
- **The school will be able to offer wrap-around care to all parents who need / would like it.**
- **The Governing Body will continue to support and challenge the HT and SLT to provide an even more effective education for the children at the Sacred Heart School and will participate fully in the emerging structure and procedures of the Blessed Cyprian Tansi Multi Academy Trust.**
