

BLENDING LEARNING PLANNING YEAR ONE WEEK BEGINNING 4/1/2021

SUBJECT	R.E	ENGLISH	PHONICS	MATHS	SCIENCE	GEOGRAPHY	HISTORY	ART/D&T
OBJECTIVE	To recognise that there are special people in our lives	To be able to use the conjunction 'but'	ai – ai, ay, a_e		Can I recognise seasonal changes?	Can I recognise the different weather in the different seasons? (Link to Science)	Can I recognise changes through time focusing on toys?	
			TRICKY WORDS					
			says today					
LESSON	Talk about who is special in your lives and why i.e Mummy and Daddy because they look after you, a doctor because they make you better when you are poorly etc. Then draw and colour in a picture of a person who is special to you and write a sentence explaining why i.e 'My teacher is special because she helps me to learn'	With a partner answer 5 questions that involve different answers i.e What is your favourite colour? What is your favourite food? Etc. Once you have the answers create a sentence that goes 'I like red BUT Mummy likes blue', I like sweets BUT Daddy likes pizza' etc. Practise orally using the conjunction 'but' in a sentence and explain that 'but' is a way of comparing answers. Once you are happy saying it orally write your answers. Remember to sound out your words, use capital letters, finger spaces and full stops.	In phonics we will now be looking at families of sounds to recap our Phase 5 learning. Using the images below get the children to sort them according to their sound and then label them. If it helps them get them to label the images first so they can see if the word looks right before they sort the image. TRICKY WORDS Practise writing these words in sentences dictated by the adult.	Google White Rose maths. Go to home learning section. Work through Spring week 1 lessons. Addition and subtraction	BBC bitesize – Learning at home – start a lesson – Year One – Science – Seasonal changes - watch Seymour Science and then the video on how animals live in winter. Can you create a feeder for the different animals you saw in the video? What would you feed them?	BBC bitesize – Learning at home – start a lesson – Year One – Geography – Weather in the UK – watch the video on the journey through the 4 seasons, complete quiz, watch British plants and animals video through the seasons. Look out of the window – what is the weather today? What clothes will you be wearing today? Is it cold or is it hot?	BBC bitesize – learn and revise – England – Key Stage 1 – History – Childhood through time – watch the videos based on what the children did whilst growing up in different time periods. Focus especially on the toys that the children used to play with and how they changed over the years. What toys did Mummy and Daddy play with? What did Grandma and Grandad play with? What materials were they made out of? How did they work?	Can you draw a winter scene?

- Daily, look at the Loughborough weather report on the BBC weather page. Can you recognise the symbols? Understand the temperature? What do we measure temperature in?
