<i>Children should be spending at least 40 mins on their maths every week to consolidate their learning. IXL or TTR recommended to consolidate skills.</i> <b>Marking should be done at home, which allows the children to learn from their errors.</b>				In this topic, we are looking at the gift of Jesus as we approach the celebration of his birth.  Talk homework: discuss the topic's Big Question and other questions. <b>Should we have expectations in life?</b>  To be completed by <b>8<sup>th</sup> December</b> .	<i>It is important that these are practised and their patterns and rules are discussed at home to enable the children to apply the rules to similar words.</i>		

Homework is given for the term to enable you to organise when you complete it. However, it should be handed in (marked as appropriate) by the due date detailed. Homework completion is expected and will be monitored (including IXL), as it is an important part of their learning in Year 6.

*\*Children should look back at their work, note their errors and misunderstandings. Then, as independent learners, write themselves notes to show that they have recognised what they need to do in the future.*

Homework has not been set for the week that the children are on their Residential at Crich.

**IXL, Times table Rockstars & Purple Mash. Usernames and Passwords in Homework diaries and these websites can be accessed via the school website.**
